

Rebel With a Cause 2019

Frances Adams

Frances served on the Board of the Elizabeth Fry Society of Peterborough from 2010-2015 and managed to overcome her embarrassment with peddling for change to participate in numerous Tag Days on EFry's behalf. Tag Days are a great way for EFry to sustain itself and inform the public of what we do.

Her career has encompassed working as a Community Organizer for the Albert women's movement, a Social Development Officer with the Federal Government, a Board Development Consultant with the Peterborough United Way, and the Executive Director of the Peterborough Social Planning Council. She has worked as a consultant to many community organizations over the past 25 years and provided volunteer leadership for many more.

Her volunteer work has almost always included political advocacy, whether for affordable housing and child care, a healthy environment or women's rights and she has worked on numerous campaigns for the NDP as well as served on the local executive.

In addition to her consulting work, Frances has operated a small gardening business for the past several years and is happy to celebrate the first day of spring at EFry's *Rebel with a Cause* event.
