## ERIN BREKKE CONN

*Conn's work has been featured in popular magazines, Fortis Alberta art wraps, ICE transportation passes and has completed a hundreds of commissioned pieces in addition to exhibiting in Canada, Italy and the United States. She lives and works in Airdrie, AB.*

*Her most dazzling works employ the application of pointillism, where thousands upon thousands of raised dots adorn the canvas. "My art captures all the beauty nature embodies, with a unique twist," she states.*

*The painting Erin Conn has donated for the Silent Auction is an example of her pointillism, and captures the magic of nature under moonlight. It is aptly titled "Moonstruck".*
